

Product Brief

AT&T conferencing with Cisco® WebEx® solution

Enterprise Edition

Increase your reach and accelerate your business with a reliable, scalable web conferencing solution that offers a selection of meeting solutions to best suit your business needs. Improve productivity and help reduce costs with the ability to bring geographically dispersed teams together to communicate and collaborate in real time. Today's mobile workers can conduct business almost anytime, anywhere, with the ability to join conferences from a laptop or mobile device. See and hear your colleagues with clarity, consistency, and enterprise-quality delivery.

An audio conferencing leader, AT&T provides a rich array of global audio capabilities, in conjunction with high-definition (HD) video and in-depth WebEx® web conferencing features. Attendees can join conferences smoothly with local, in-country phone numbers in more than 150 countries, improving performance and reliability and helping reduce costs. Accelerate your business growth with a selection of

richly featured meeting solutions that can accommodate your needs for a variety of conferences, including conducting day-to-day meetings, staging online events, delivering staff training, and a support center for subject-matter experts to access desktops remotely and in real time, help troubleshoot problems.

Cisco WebEx Meeting Center

Bring remote workers, partners, and customers together to review the latest plans. Conduct daily meetings with the ability to present information, share applications, and collaborate on projects in real time. Make WebEx® Meeting Center available to every department and watch productivity soar.

Cisco WebEx Event Center

Stage online events with all the power and punch of in-person productions at far less cost. Market your products and services by conducting webcasts to generate leads. Train your employees, customers, and channel partners. Hold timely product launches. Inform shareholders of your latest financial results. Use WebEx Event Center to deliver online events for any purpose and keep your audiences coming back for more.

Cisco WebEx Training Center

Reduce live and on-demand delivery costs with the industry's most interactive online classroom. Promote product adoption by offering your customers easy access to web-based training. Educate your partners and field representatives regularly, so they always have current information. Train global employees to advance their skills or push revenue-generating initiatives to market faster.

AT&T Conferencing with Cisco WebEx Meeting Center offers an additional service option, Collaboration Meeting Rooms Cloud (CMR) which combines the simplicity of WebEx meetings with conferencing bridging capabilities to enable an instantly-available video meeting experience. Facilitate faster decision-making by bringing people together in the way that fits their work style, and makes it easier for participants to join from a range of devices, from almost any location. Expand the capacity of meetings from one to hundreds with a pay-as-you-go subscription service that helps you manage expenses and helps reduce meeting-related travel costs. Our global conferencing solutions offer full-featured capabilities which can seamlessly integrate with leading vendor solutions, to deliver enterprise quality, reliability and scalability. We are uniquely positioned to address unique customer needs with our holistic and comprehensive selection of solutions, including two versions of CMR – Cloud and Hybrid.

- Cisco CMR Cloud is a simple-to-use cloud hosted meeting room solution that is offered as an add-on service option to a Cisco WebEx Meeting Center subscription. Quickly enable meetings in the cloud that can scale to support up to 25 standards based video endpoints and up to 500 video enabled WebEx Meeting Center users in a single meeting. Extend meetings to anyone.
- Cisco CMR Hybrid enables customers to quickly extend on-premises Cisco TelePresence videoconferences to include Cisco WebEx Meeting Center users. Cisco CMR Hybrid is offered through

Why AT&T?

- Full suite of world-class WebEx solutions
- AT&T Global Audio Conferencing integration
- Dedicated AT&T resources supporting our customers during and after service launch or migration
- Unlimited complimentary user training
- Technical support 24 hours a day
- First conferencing provider to partner and resell WebEx solutions
